

## DETERMINING YOUR RING SIZE

**1. Ring measurements are very accurate.**  
Follow the instructions carefully to get an accurate measurement.

**2. Before Printing,** make sure the page scaling is set to "None" on your print dialog box. (To open the print dialog box, press CTRL + P)

**3. Measure the bar on the left.**  
It must be exactly 40 mm long.

Circles in US ring size and diameters

## MEASURING A CURRENT RING

1. Choose a ring that fits properly on the appropriate finger. In the United States, engagement and wedding rings are typically worn on your left ring finger.
2. Put the ring over the circles and match the inside of the ring to the circle nearest in size. This measurement is the inside diameter of your ring.
3. If your ring measures between two circles, select the larger size.

## REQUEST A COMPLIMENTARY RING SIZER

Brilliant Canary will send you a complimentary ring sizer to help you determine your finger size. Follow these instructions for determining your ring size.

1. Slide the end of the ring sizer through the loop.
2. Slide the loop over your finger and adjust so it fits comfortably on your finger, and is snug going over your knuckle.
3. When the sizer is comfortably on your finger, the number the arrow points to is your ring size. Please note: A larger finger size may be required for wider bands.

## TIPS FOR MEASURING YOUR FINGER

1. Your engagement ring and wedding band should fit comfortably, not be too tight or too loose. You should be able to easily put your ring on, but it should fit snugly enough so that it does not slide off during normal daily activities.
2. If you are not used to wearing a ring, putting it on for the first time can feel strange. Measure your finger a few times to ensure it is the correct size. Keep in mind, fingers tend to fluctuate in size throughout the day.

## TIPS FOR BUYING A RING AS A SURPRISE

1. The best way to determine your partner's ring size is to measure her/his finger. If you cannot do that or want to surprise your partner, ask her/his friends or family if they know the ring size. Often the mother, sister, or best friends can help you determine the finger size so you do not ruin the surprise.
